

TRANSPARENCY MATTERS

Complete supply chain transparency is what sets Natural Plant Products apart. Our oilseed crops are grown on our farms, extracted and refined with trusted manufacturing partners, shipped globally to our exclusive distributors and delivered directly to their customers.

GROW MEADOWFOAM

NPP's grower members have been growing meadowfoam in their crop rotations for over thirty years.

EXTRACT & REFINE

NPP contracts the extraction and refining of meadowfoam through long-standing relationships with our manufacturing partners.

SHIP TO DISTRIBUTORS

Once the meadowfoam seed oil is packaged, it is shipped around the world to our exclusive distribution partners.

SHIP TO MANUFACTURERS

When manufacturers place an order, our distributors ship the oil in NPP factory-sealed and labeled packaging.
