

NATURAL BOTANICALS SOLID CLEANSING OIL BALM

Part of our multi-step **K-Beauty facial regimen**, this solid oil cleanser is a hot new product format gaining popularity with Korean brands. This solid balm **melts** onto skin as you rub it in and upon rinsing forms a milky layer. The result: skin feels conditioned and clean, yet non-greasy. This novel formula provides more skin feel than a liquid oil cleanser. **Meadowfoam Seed Oil** contributes substantive texture/after feel while **Daikon Seed Extract** balances any potential greasiness for a smooth feel. Botanically-based preservatives include **honeysuckle extract and honeysuckle flower extract**.
