

CLEAR OIL SUNSCREEN STICK

This coral reef-safe wonderfully moisturizing yet light sunscreen comes in an easy-to-use stick format. This non-greasy “dry oil” formulation is loaded with **Daikon Seed Extract (DSE)** for a light, velvety skin feel. **Meadowfoam XPR (XPR)** adds richness and oxidative stability. And, when combined with amino acid-derived gelatinization agents, XPR and DSE form a clear, solid stick that resists melting/softening in warm temperatures. **DOES NOT CONTAIN OXYBENZONE OR OCTINOXATE.**
