

REJUVENATING GEL CREAM

This light, non-greasy soft cream reduces skin roughness and helps delay the first signs of skin aging. The cold-process formulation is suitable for heat-sensitive ingredients and uses less energy in manufacturing. Containing natural ingredients such as **Daikon Seed Extract**, which has been shown to improve skin barrier function, **Meadowfoam Seed Oil XPR**, which adds a velvety, rich texture and enhances the oxidative stability of the formulation, and Rejuvaveen, shown to reduce skin roughness and increase skin barrier integrity.
